Mrs. Sergeant, Director, and Mr. Adams, Assistant Director, of the Gold Concert Band are excited about this year's band program!

Sessions will be a combination of sectionals and large group playing as a "band". Continued development of proper technique, music theory and sense of ensemble will be emphasized.

Orchestra

Led by Mr. Carbonara, Director and Ms. VanBurkleo, Assistant Director, both beginning and returning orchestra students will meet on Thursdays from 3:00 pm - 4:30 pm. At the beginning of the year beginners and experienced players will be split into separate groups. Katie Pargal will work primarily with beginners while Natalie VanBurkleo will lead the experienced students. For beginners, the primary emphasis will be on fundamental string technique along with elementary music theory. The experienced group will continue to develop strong technique and music theory as well as focusing on sense of ensemble. Later in the school year, the groups will be combined and play as one orchestra.
